Burpengary Equestrian Centre Rowley Road Burpengary

Drug Use Disciplinary Policy

Drug testing of horses and/or riders may be carried out at any time under the Equestrian Australia policy.

Northern Districts Hack & Dressage Inc. (NDHD) adheres to and supports these anti-doping policies and sanctions Equestrian Australia's decisions in this regard.

As NDHD has a 'nil tolerance' policy towards prohibited drug use, offenders may have their membership suspended.

Any NDHD member who receives a positive sample notification from Equestrian Australia regardless if they are an Equestrian Australia member or not, will be required to request a hearing with the NDHD's Executive Committee within 28 days to present his or her case.

Failure to do so will result in exclusion from NDHD on a permanent basis.

At the conclusion of the matter and if the presence of the prohibited substance/s is established, the NDHD Executive Committee will issue a warning or reprimand depending on the nature of the occurrence.
